Care with Compassion, Cure with Commitment

RAMADAN 2025

The holy month of Ramzan 2025 once again became a time of giving, compassion, and unity through the heartfelt efforts of RCF Trust. With the vision of bringing relief and hope to the less privileged, the Trust organized a large-scale **Ramzan Relief Drive** covering the areas of **Tughlakabad, Sangam Vihar, and Madangir (Delhi)**. Under this initiative, 100 carefully prepared ration kits were distributed among underprivileged families to help them observe the sacred month with dignity and ease. Each kit contained essential food items and Ramadan necessities including rice, flour, oil, sugar, lentils, dates, and other basic household goods – ensuring that no family slept hungry during the blessed days of fasting.

RAMADAN 2025

The entire campaign was made possible through the tireless dedication of RCF Trust's volunteers and coordinators, who worked day and night to identify deserving families, arrange supplies, and personally deliver the kits to homes across different localities. Their efforts reflected the true spirit of service – going beyond distribution to bring smiles, comfort, and a sense of belonging to those in need.

Through this noble initiative, RCF Trust once again demonstrated its commitment to community welfare and social responsibility. By reaching hundreds of individuals and families, the Trust not only provided material support but also strengthened the bonds of compassion and humanity that define the spirit of Ramzan.

Every year, RCF Trust continues to work across the fields of healthcare, education, and social welfare, believing that real change begins with kindness and collective effort.

The Ramzan 2025 Relief Drive stands as a testament to that belief a reminder that a small act of sharing can light up many hearts during the month of blessings.
